Subject: WEST CRAIGS EDINBURGH

Councillors

Thank you for taking the time to meet Susan Napier & I this morning to discuss West Craigs.

We recognise that this proposal and its ongoing pre-application consultation raises sensitive issues with regard to green belt, transport, affordable housing, and education, and that West Craigs is only part of the wider West Edinburgh emerging planning landscape.

We would therefore welcome a more detailed discussion with CEC at both councillor and officer level.

We look forward to receiving from you potential dates and times for a meeting.

Regards

Stuart Buchanan
